COK's largest fundraiser to clothe the Sussex County Head Start, Pre-K, Elementary and Middle School kids in need is the Annual Charity Golf Outing. COK seeks Business and Individual Sponsors to support the event, so together we can provide these students with a sense of dignity and help them be more at ease as they learn. When youngsters don't have to worry about basics such as clothing, they're more eager to attend school and become successful individuals. The goal of this partnership is to establish an environment where children focus their efforts on learning while being more comfortable around their peers.
