COK2026 NEWS – KIDS HELPING KIDS SOCK DRIVE AUGUST 27

Clothing Our Kids recently received a very special donation of 250 pairs of socks. What makes this so very special is that the socks were collected by a recent graduate of Cape Henlopen High School who has made it his passion since he was 10 years old to help others however he can.

He knew about our Mission and our needs and reached out to his community to try and collect 100 pairs of new SOCKS for our COK students in need. However, due to his passion and the community he works with, he was able to donate a total 250 pairs of new socks.

His teacher stated: “He is proof that it takes just one person with good intentions to inspire others, rally people around a cause, and make an extraordinary positive impact.”

We are honored to have been part of one of his community giving campaigns over the past many years and are sure as he starts college his future is very bright. We love stories that embrace students helping students. Everyone can make a difference. If you would like to support our Sussex County Students in need please go to our donation link here: [Financial Donation – Clothing Our Kids](#) or call us to chat about ways you can help at 302.864.5437.

For information regarding Clothing Our Kids (COK), or to donate, please go to www.clothingourkids.org. Kindly pass on the good work of COK by sharing this News with your family, friends, neighbors, and colleagues. You might also help by liking our Social Media posts.
